# *Shelby's Words of Wisdom*

## **Congratulations on your special day!**

We all know that planning a wedding can be very stressful. The good news is that there are some things that you can do to make it easy, and make your day the vision that you've always dreamed of. Here's some helpful hints that will help you get through, and make the most of your wedding.

- 1 We cannot stress enough how important Wedding Coordinators are to the functionality and the streamlined process of your big event. Always make sure that you have a compatible personality to the person you choose because they will be in charge of the biggest day of your life.
- 2 In the hours before your ceremony while you're getting ready, be sure to snack on something so your blood sugar level doesn't get low. You wouldn't want to get a headache at your wedding reception.
- 3 When you are considering who will be making speeches at your reception, choose the people that you believe are most pertinent to your wedding, and make sure they keep it short & sweet. \* Have a lot of people that would love to make a speech at your wedding? Have them speak at your rehearsal dinner!

## The Rustic Garden Party

### Get the Look

Romantic and fun, the rustic garden party look features bright hues and wood accents. Get inspired by this look by using golden yellows, currant reds, and plenty of natural greenery. Bring in elegant details like lace and gold china to dress up your wooden tables.

## Jewel Tones & Royalty

### Get the Look

Bright hues of cranberry, fuchsia, and orchid mix well for this colorful and elegant wedding design. The luxe tablescape is accented with gold rimmed water goblets, escort frames, and gold chargers tying in all of the colors for a gorgeous wedding reception.

# Signature Cocktails

Create a personal and delicious cocktail for your wedding with unique drink add-ins like ginger, basil, or even honey!

Other fun options include making your garnishes the star of the show, like blackberry skewers over champagne flutes, fresh blueberries in a mojito, or even a flower petal on the edge of a glass. Don't forget about tasty rims of sugar, salt, or cocoa powder.

Creating a signature cocktail for your wedding is a great way to show off some personality for your guests. Work together with our talented bartenders to create the perfect mix!

## Venue Reminders

# Here Comes the Bride

**As the excitement of your special day quickly approaches, we'd like to remind you of a few important details that will help streamline your most precious moments.**

### **Venue Reminders:**

Remember your vendors will have a 4 hour window prior to your invitation start time to come into the facility and set up for your event. If you feel you need more time for your vendors and setup, we do offer additional hours based on your contract. Please let us know ahead of time so we can make arrangements with staff and cleaning schedules. (No Exceptions)

**Dropping off items** or decorating the day before your event is not allowed due to facility activity.

**You have 1 hour after your event end time** to gather your personal belongings. All items must be removed from the facility on the day of your event. Your coordinator will assist and facilitate the organization of your departure.

**Bridal Suite & Groom's Room** - You have the use of these rooms, with the rental fee, for 4 hours prior to your event for pictures and getting ready. The rooms will be locked once the reception begins. Your personal belongings may remain in these rooms until the end of your event and for your personal access during the reception. The rest of the bridal party will not have access during the reception.

**Alcohol** - Any alcohol brought into the facility will be confiscated, with the possibility of forfeiting your \$1,000 security deposit. We are a licensed facility and all outside alcohol is prohibited. When choosing your beverage package (if applicable) remember to inform the venue if you want the bar service open to guests when they arrive, cocktail hour, or once the reception begins.

### **Helpful Hints!**

- Make sure to communicate thoroughly to your vendors to make sure they are all on the same page.
- Go over all details with your coordinator to ensure a smooth flow of set up and production of the event.
- Label all items that you want your coordinator to set out. Labeling items makes it easier for them, as well as less questions to bother you with!
- Be sure to ask for any special requests for the bridal suite and groom's room, such as food and alcohol. We are happy to plan something with you. We recommend bringing in trays of food and non-alcoholic drinks for your bridesmaids and groomsmen to stay hydrated, and prevent low blood sugar, headaches, and fainting.
- Be sure to pack your special items in advance so that you're not missing anything when you get to the venue.
